

Hole Shape in Panel P	Installing the fastener	The slot indicates the position of the fastener Unlocked
Hole Shape in Panel F	Fastener retained in panel	Locked

Light duty One Piece Mounting Bracket TurnLock - LOPMBTL series

Properties:

This Fastener fastens panels in electrical switch cabinets (e.g. 19"-equipment) to modular bars.

The dimension of the front panel and the modular bar as well as the color determine the final design of the fastener.

To enable us to offer you the custom-tailored fastener, we need your drawings with the dimensions and tolerances of:

1. The front panel
2. The shape of the modular bar
3. The color, if necessary

In addition, please send us samples of your modular bar and front panel.

Part number example:

One-piece fastener

LOPMBTLS-4PNZ
